**Analyzed Account

Earnings Credit—All collected funds in your Business Checking account earn a credit which is used to reduce your monthly service charge. This credit is derived by applying earnings credit to your daily collected balance after a 15% reserve requirement has been deducted. This earning rate is the same as the monthly average of the discounted 90-day Treasury Bill rate and is subject to change on the last day of each month.

Uncollected Funds—If checking withdrawals are made faster than incoming checks are collected, you are in effect using bank funds. For this service, a fee is assessed for uncollected funds using the monthly average of the 90-day Treasury Bill rate plus 4%. This rate is subject to change on the last business day of each month. When your charges exceed the earnings credit, the amount results in a service charge being applied.

***Excessive withdrawal fee applies when the account exceeds 6 pre-authorized third party withdrawals per statement period (if not more than 31 days). If statement period is quarterly, 6 pre-authorized withdrawals are allowed per calendar month.

Savings accounts are limited to six pre-authorized transfers, checks to a third party, or automatic transfers (such as mortgage or insurance payments) per statement cycle. We reserve the right to not pay accrued interest if account is closed prior to payment date.
